

Management's Report

EXFO's management is responsible for the preparation, integrity and objectivity of the consolidated financial statements and other financial information presented in this Annual Report. These consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles and include some amounts that are based on estimates and judgments. Management has determined such amounts on a reasonable basis in order to ensure that the financial statements are presented fairly in all material respects.

EXFO's policy is to maintain a system of internal accounting and administrative controls – reinforced by standards of conduct and ethics set out in written policies – to provide reasonable assurance that the financial information is relevant, accurate and reliable, and that assets are appropriately accounted for and adequately safeguarded.

The Board of Directors is responsible for ensuring that management fulfills its responsibilities for financial reporting and is ultimately responsible for reviewing and approving the financial statements. The Board carries out this responsibility principally through its Audit Committee. The Audit Committee is appointed by the Board and is composed of independent outside directors. The Committee meets periodically with management and external auditors to review accounting, auditing and internal control matters. These consolidated financial statements have been reviewed and approved by the Board of Directors on the recommendation of the Audit Committee.

The consolidated financial statements have been audited by PricewaterhouseCoopers LLP, the external auditors, in accordance with the Canadian generally accepted auditing standards and the standards of the Public Company Accounting Oversight Board (United States) on behalf of the shareholders. The external auditors have full and free access to the Audit Committee.

Report of Independent Auditors

To the Shareholders of

EXFO Electro-Optical Engineering Inc.

We have audited the consolidated balance sheets of EXFO Electro-Optical Engineering Inc. as at August 31, 2005 and 2004 and the consolidated statements of earnings, deficit and contributed surplus and cash flows for each of the three years in the period ended August 31, 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards and the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the company as at August 31, 2005 and 2004 and the results of its operations and its cash flows for each of the three years in the period ended August 31, 2005 in accordance with Canadian generally accepted accounting principles.
